NOTICE UNDER THE PRIVACY AND PAPERWORK REDUCTION ACTS

We're asking for the information on this form to assist us in processing your securities transaction requests. Our authority comes from 31 U.S.C. Ch. 31 which authorizes the Treasury Department to borrow money to pay the public debt of the United States. Also, 26 U.S.C. 6109 requires us to use your SSN on certain forms when we report taxable income to IRS. It's voluntary that you provide the requested information, but without it, we may not be able to process your transaction requests. Information concerning your securities holdings and transactions is considered confidential under Treasury regulations (31 CFR Part 323) and the Privacy Act. However, the following routine uses of this information may include disclosure to the following persons or entities: agents and contractors who help us manage the public debt; others entitled to the securities or payment; agencies (including disclosure through approved computer matches) determining eligibility for benefits, finding persons we've lost contact with, or helping us collect debts; agencies for investigations or prosecutions; courts, counsel, and others for litigation and other proceedings; a Congressional office asking on your behalf; and as otherwise authorized by law.

We estimate it will take you about 10 minutes to complete this form. However, you are not required to provide information requested unless a valid OMB control number is displayed on the form. Any comments or suggestions regarding this form should be sent to the Bureau of the Public Debt, Forms Management Officer, Parkersburg, WV 26106-1328. **DO NOT SEND completed form to the above address; send to the correct address shown in the instructions (PD F 5382).**

Common Registration Options

Investors in marketable Treasury securities have a broad choice of registration options under *TreasuryDirect* which are designed to address their needs and ownership situations. These options establish clear ownership and survivorship rights. Other options are available—for guidance, consult the *TreasuryDirect Investor Kit* (PD P 009) or your *TreasuryDirect* office. Remember: If you have two names in the registration and don't include a connective (and, or), we will reject the tender. Also, when using "and" in the registration, include "with right of survivorship" or "without right of survivorship." If you don't, "without" will be used when the account is established.

To register your security like this:

An account in the name of one individual.

Your name should appear the way you usually use it (preferably with at least one full given name).

An account in the names of two people, joined by the word "and" and ending with "with right of survivorship."

This creates a conclusive right of survivorship. Both owners must authorize transaction requests.

An account in the names of two people, joined by the word "and" and ending with "without right of survivorship."

This does not create a right of survivorship. If one owner dies, his or her share passes on to the estate, not to the other owner. Both owners must authorize transaction requests.

An account in the names of two people, joined by the word "or." This creates a conclusive right of survivorship. Either owner may authorize transaction requests.

An account in your name, followed by the words "payable on death to" or "POD" another individual or the United States Treasury (proceeds would then be used to reduce the public debt). The beneficiary has no ownership rights prior to the owner's death. You must identify the beneficiary's status in the registration if he or she is a minor or incompetent. The owner authorizes transaction requests. No consent from the beneficiary is needed.

An account in the name of an executor, administrator, legal guardian, conservator or other representative of an estate. You must make sure the name of the estate is adequately identified in the registration.

An account in the name of the trustee(s) of a trust. Trusts may be created by wills, agreements, indentures, deeds, declarations of trust, or similar instruments. You must include language that adequately identifies the authority or document by which the trust was created.

An account in the name of a private corporation, unincorporated association or partnership. You must include the full legal name and status (corporation, unincorporated association or partnership). You may reference a particular account or fund, other than a trust fund.
